Unmatched Strength

All the LuXe chairs can take an extremely impressive 23.5 stone maximum user weight (that's 150kg for those who prefer metric to Imperial measures)

Zero Gravity Function

Zero gravity is an appealing and increasingly common function within the riser recliner market. Allowing users to experience the sensation of floating away from day-to-day discomfort.

No Stress About Mess

The LuXe Brookside is generously filled, easy-to-clean leatherette to create a space for relaxation.
