Base width (internal)	Not Applicable	Base width (internal)	660mm (25.9")
Net weight	22Kg (48.5lb)	Net weight	22Kg (48.5lb)

Assembly & preparing for use
Your table is delivered fully assembled and ready to use.

Using your table: Do's & Don'ts
DO ensure you read these instructions and fully understand them before using your table.
DO ensure the table is cleaned on a regular basis
DO ensure the table is inspected on a regular basis (minimum once a year recommended).

DO NOT exceed the safe working load

The table is designed to carry a maximum load of 30Kg that is evenly distributed across the table top.
It is advantageous to place heavier items towards the supporting column end.

Adjusting the table

Raising
Gently push up on the table underside **and** lever, table top will rise up. It will automatically lock in the desired position when the lever is released. Ensure that excessive force is not applied to the table top or damage could be caused to fixings.

Lowering
Support the weight of the table, squeeze upwards the front lever and lower the table to the desired position, release the lever.

Care and maintenance

Biocote

The painted parts of your table come with an antibacterial additive incorporated into the powder coated metalwork. Biocote™ inhibits the growth of bacteria on the surface of the table frame. It is effective against a wide range of both gram positive and negative bacteria as well as fungi. Examples of bacteria that Biocote™ is resistant to include:

Bacillus Subtilis	Staphylococcus Aureus (MRSA)
Escerichia Coli 0157	Streptococcus Faecalis
Salmonella Enteritides	Listeria Monocytogenes

Biocote™ is an aid to keeping your table infection free but it does not substitute the need for the table to be cleaned at regular intervals.

Cleaning

All surfaces to be wiped down with a disposable cleaning cloth, moistened with a mild detergent and diluted in hot water (60°C). Extra care should be taken around areas where excess dirt or dust may gather. Rinse down with clean water and dry off with a paper towel.

Always ensure that the table is dry before re-using.
It is not recommended to use any bleach or surface cleaner that may scour the painted surface.

Warranty
Sidhil Limited standard terms and conditions apply to all purchases; a copy is available from the address below. Your statutory rights are not affected.
